five questions assess quality improvement in ICU safety, JUL:92
get babies home fast, yield savings, JAN:4
hand-held devices may be better for QI projects, MAR:39
health plans report quality improvements, JAN:11
hospital slashes pneumonia rate with early intervention, APR:45
ICU care improves with intensivists, MAY:64
look to other quality measures besides Joint Commission, MAR:31
paperless records will improve quality, JUL:99
patience, flexibility are keys to success, JUL:91
project improves patient outcomes, JUN:77
project improves ventilator weaning, AUG:108
sentinel event leads to safety checklist, JUL:91
seventeen best practices for reducing adverse events, SEP:122
study slams Joint Commission's approach to measuring quality, MAR:29

Restraints
restraint standard revised for nurse practitioners, MAY:70

Salary survey results
improve your income with better data skills, leadership, NOV:Sup

Sentinel events
hospitals still should use *Sentinel Event Alerts*, JAN:5
sentinel event leads to safety checklist, JUL:91
seventeen best practices for reducing adverse events, SEP:122

Shared Visions — New Pathways
accreditation decision will be handled differently, DEC:165
big changes mean you have to start working now, DEC:161
changes make integration of services a priority, NOV:152
priority focus process will direct surveyors to specific areas, DEC:164
radical revision of survey process may ease compliance burden, NOV:149
self-assessment must be done in six-month period, DEC:163

Specialists and subspecialists
ICU care improves with intensivists, MAY:64
restrict subspecialists to their own field or risk quality problems, MAY:61

Staffing
ACGME clamps down on hours for residents, AUG:111
how to evaluate your staffing decisions, MAY:67
Joint Commission issues marching orders to combat nursing shortage, OCT:133
nurses may be best tool for improving quality of care, AUG:105
nursing pathways address causes of shortage, OCT:135
nursing shortage can affect patient survival after surgery, DEC:171
nursing shortage puts patients at risk, SEP:117
nursing workplace must be transformed to retain nurses, SEP:120
surveys help gauge nursing concerns, AUG:106
use concrete examples to show how policy affects nurses, AUG:107

Survey scores
long-term focus pays off with perfect 100 score, NOV:154
surveyors' questions show areas of focus, NOV:156
take time to prepare for survey, NOV:155
VA hospitals score high in JCAHO quality measures, JUL:100

Surveyors
hiring surveyors as consultants, APR:47

Standards Review Task Force
continues to identify needless rules, APR:57

Terrorism
bioterror drills show need to revise emergency plans, JUN:73
Detroit hospitals test their emergency preparedness plans, DEC:166
